

WAGENINGEN UNIVERSITY
WAGENINGEN UR

Seminar “Dietary lysine and the importance of processing of food- and feedstuffs”

Tuesday 28th September, 2010

LOCATION

Hof van Wageningen – Hotel & Congrescentrum
Kleine Veerzaal
Lawickse Allee 9; 6701 AN Wageningen
Tel: +31 (0) 317 490 133; Fax: +31 (0) 317 426 243
E-mail: info@hofvanwageningen.nl; Website: www.hofvanwageningen.nl

PROGRAM

- 08.45 Reception and coffee
- 09.15 “Welcome and introduction”
Prof.dr. W.H. Hendriks, Professor of Animal Nutrition, Wageningen University, Wageningen, The Netherlands
- 09.30 “Lysine in foods and feedstuffs - 100 years of Science”
Prof.dr. P.J. Moughan, Director Riddet Institute, Palmerston North, New Zealand
- 10.00 “Development of an assay for determining bioavailable lysine in foods and feedstuffs”
Mr. S.M. Rutherford, Senior Research Officer, Riddet Institute, Palmerston North, New Zealand
- 10.30 Break
- 11.00 “The Maillard reaction and food processing”
Prof.dr. M.A.J.S. van Boekel, Professor of Product Design and Quality Management, Wageningen University, Wageningen, The Netherlands
- 11.30 “Reactive lysine in feed processing and formulation”
Dr. A.F.B. van der Poel, Associate Professor, Wageningen University, Wageningen, The Netherlands
- 12.00 Lunch

You are also kindly invited to attend the graduation ceremony of Mr. Shane Rutherford. He will defend his PhD thesis entitled "Bioavailability of lysine in heat-treated foods and feedstuffs". The ceremony will start at **13.30 hours** in the Aula of Wageningen University, Generaal Foulkesweg 1a, Wageningen.

REGISTRATION FEE

The registration fee is **Euro 50.-**, and includes a lunch and a copy of the thesis of Mr. S. Rutherford. The fee can be paid cash during the seminar.

Please note that for WIAS PhD students with TSP there is no fee (lunch not included) For other PhD students reduced rates are available.

We kindly request you to register by Email **before 13th September 2010** at the secretariat of the Animal Nutrition Group: Yvonne.vanHolland@wur.nl
