## Watching bacterial gene transfer

+ workshop\* for  
MSc and PhD  
students!

\*1 ECTS for two master classes

WEES is an initiative of PhD students and postdocs at Wageningen University. Every month, an internationally acclaimed scientist in the field of Evolution and Ecology gives a seminar and a master class for students. For more information see [www.weeswageningen.nl](http://www.weeswageningen.nl). If you wish to participate in the master class please contact [info@weeswageningen.nl](mailto:info@weeswageningen.nl).

WEES is financially supported by:
